SILEN POD

Focus without distractions

Open offices can get noisy. Privacy suffers, too. So let's think inside the box. Out there, mental overload. In here, headspace. Silen office pods are quiet, private, and comfortable. They're the kind of places you need to ideate, create, and strategize.

Industry-leading two-way noise reduction

Enable focus in the workspace

Mental-health centric spaces

Deeper human connections

SUSTAINABLE VERSATILITY

Focus & privacy zones that evolve with you. In minutes. For decades.

Flexible office design adapts to changing needs. Spiff up your workspace with our wide collection of office pods and dividers. Modular, scalable design means they can be combined and split again. Swappable skins, trims, finishes, and furnishings help keep things fresh and long-lasting. There are sleek wheels, too. Push, to the future and beyond!

 Evolves with you: lifelong customization & modularity

 20+ year lifespan with simple, sustainable design

 CarbonNeutral® pods. Marine-plastic textiles.

 Plug & play, without tech that grows obsolete

CHATBOX SINGLE

A space to focus on your work or make uninterrupted phone calls in

SILEN POD

Essential quality

A lower price doesn't mean skimping on quality. The entire Chatbox range remains faithful to Silen's essential benefits, but fits into more conservative spending plans.

Quiet

Noise stays out, chats stay in. "Freeway to library" aptly describes the 34dB external-noise drop. Normal speech in the pod loses up to 31dB on its way out, making snooping useless. Best-in-class soundproofing tested in real offices. And the world's first ISO lab for such things in Finland.

Comfortable

The Chatbox is simple, ergonomic, and automatic. A presence detector keeps the LEDs on. Speech-optimized EchoFree acoustics feel just right. Air is dispersed quietly from the ceiling, at more than twice the standard minimum flow rate without causing dry eye. Air exits from the ceiling.

Quick assembly

It takes just 30 minutes to set it up for use. Moving office? Disassembly and reassembly is just as easy, involving very few parts.

Sustainable

Our pods can last 20+ years and are fully renewable. Fabrics only use SEAQUAL YARN made from recycled marine plastic. When lights or other bits need replacing, you won't have to buy some large contraption they're embedded in. Only swap the affected thing.

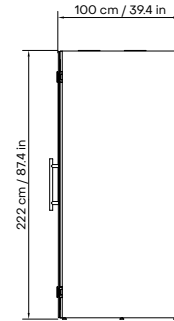

CHATBOX SINGLE

TECHNICAL SPECIFICATION

Exterior Size	1000W x 1000D x 2220H
Interior Size	870W x 980D x 2040H
Weight (net)	300 kg / 661.4 lb
Air Ventilation	Low Consumption Air Circulation System (max 5.1W)
Air Flow	Circulation Speed is more than 55 l/s (198m ³ /h)
Lighting	Energy-efficient LED Light (28W, 4000K, 2240 lm)
Power Outlet	2 x 110-230 V or 1 x 110-230 V + 1 x USB-A/C
Power Cord	3m / 9ft. 10 in
Exterior Material	Painted Sheet Metal
Glass	Sound Control Laminated Safety Glass
Flooring	Anti-static & Stain-resistant Low Loop Pile Carpet
Acoustic Surfaces	Acoustic EchoFree Panel
Adjustable Glides	for Easy Levelling from Inside the Booth
CERTIFICATION	
Electrical Safety	CE-mark
Fire Safety	Class A (UL 723, ASTM E84, ASTM E162)
Emissions	Indoor Advantage Gold Certified by SCS Global Services
Sound Reduction	29,4 db (Class B according to ISO 23351-1)
Airborne Sound Insulation	34 dB according to ISO 16283-1 & ISO 717-1
Sound Transmission Class (STC)	34 dB according to ASTM E90
